Special Notes:  
\*mL range is given due to the volume being effected by viscosity, altitude and temperature. For the most accurate measurements please use the grams listed. All nutritional information contained herein is calculated using a 227g per pouch gram weight measurement.

Keto Peptide undergoes regular nutritional analysis and lab testing. However, as with any real food product, variations in the nutrient levels can vary depending on the time of year, soil, and weather conditions.

Keto Peptide is not intended as a sole-source of nutrition. If you are following a ketogenic diet or have a specific medical condition that requires you to be exact with certain nutrient levels, please discuss the use of this product with your medical team.

### USER GUIDE :

- Keto Peptide is not intended as a sole-source of nutrition. If you are following a ketogenic diet or have a specific medical condition that requires you to be exact with certain nutrient levels, please discuss the use of this product with your medical team.
- Please check with your medical team for an appropriate transition regimen if switching from a commercial enteral formula to Keto Peptide. You may need to transition slowly over the course of 7-10 days to allow the body time to adapt to differences in the formulas.
- Keto Peptide has a 12 hour ambient room temperature hang time.
- Store unopened formula at room temperature for up to 2 years.
- Once opened, the formula can be refrigerated in a sealed container and used within 48 hours.
- Water may be added. If adding water or any liquid, it must be reblended with the product to emulsify in order to prevent separation.
- The Keto Peptide formula can be eaten orally as a meal replacement or as an ingredient in Keto recipes.

\* Medicare, Medicaid and health insurers may ask you to provide a National Drug Code / NDC number for insurance claims, billing or reimbursement purposes. Because our products are whole foods and do not constitute "drugs", we have an Insurance Data Bank and Billing Code that you should use when asked for an NDC number for our products.
