NOURISH PEPTIDE:

The world's first shelf stable organic, whole food, peptide feeding tube formula designed with the nutritional needs for children in mind.

-
- Nourish Peptide meets all food safety requirements and meets all GRAS, HACCP, and CGMP standards. Nourish Peptide is produced in an FDA/USDA registered facility with a USDA inspector on site.
SID#: 2016-0106/001
 - Formulated for tube feeding or oral feedings
 - For supplemental or sole source nutrition
 - Whole foods, complete nutrition (1.46 kcal/mL)
 - Three(3)pouches of Nourish Peptide a day meets or exceeds 100% of the DRI for 26 key vitamins and minerals for children ages 4-8 years old*
 - Use under medical supervision
 - Contains 10g of naturally occurring dietary fiber per 341g pouch
 - Gluten Free
 - Dairy Free
 - Soy Free
 - Corn Free
 - Tree nut free
 - USDA Certified Organic
 - 100% GMO Free
 - BPA Free Packaging
 - Plant-Based
 - Safe to use for people with lactose intolerance

ORDERING INFO:

CASES	PRODUCT CODE	PACKAGING
Nourish Peptide	NOUP124	24 - 12oz(341g) pouches/case

SAFETY PRECAUTIONS:

NOT FOR PARENTERAL USE

Not intended to diagnose, treat, cure, or prevent disease. Not intended for infants under one year of age unless specified by a physician or Registered Dietitian. Please check with your healthcare provider before beginning the use of Nourish Peptide.

INGREDIENTS:

filtered water, organic garbanzo beans, organic green peas, organic whole grain brown rice, organic hydrolyzed pea protein, organic carrots, organic extra virgin olive oil, organic coconut MCT oil, organic sprouted quinoa, organic flax oil, vitamin blend

[Calcium Citrate, Potassium Chloride, Sodium Chloride, Potassium Phosphate, Choline Bitartrate, Magnesium Glycinate, Mixed Tocopherols(E), Zinc Gluconate, Cholecalciferol(D3), Calcium D-Pantothenate(B5), Niacinamide(B3), Biotin, Sodium Selenite, Potassium Iodide, Thiamine Mononitrate(B1), 5-Methyltetrahydrofolate, Calcium Salt, Pyridoxine Hydrochloride(B6), Riboflavin(B2), Methylcobalamin(B12), Chromium Picolinate]

organic sweet potato, organic acacia fiber, organic broccoli, organic kale, organic acerola powder, organic turmeric, organic ginger

*Nourish Peptide may be appropriate for individuals of other ages under medical supervision.

NUTRITIONAL INFORMATION:

kcal/mL: 1.46

Caloric Distribution (% of kcal)

Protein: 13%

Fat: 55%

Carbohydrate: 32%

Protein Content/Source: 17g/341g

Organic hydrolyzed pea protein, organic garbanzo beans, organic green peas, organic whole grain brown rice, organic sprouted quinoa

Fiber Content/Source: 10g/341g

Organic garbanzo beans, organic acacia fiber, organic green peas, organic carrots, organic sprouted quinoa, organic whole grain brown rice, organic hydrolyzed pea protein

NPC:N Ratio: 172:1

Omega-3 to Omega-6 Ratio: 2.3:1

Osmolality mOsm/kg H₂O: 460

Water: 250g

Meets 100% of the DRI for 26 key vitamins and minerals: three 341g pouches*

HCPCS Code: B4161

Insurance Data Bank & Billing Code/NDC Code: 57858-0004-27

Viscosity: Nectar-like at room temperature

USER GUIDE :

- Please check with your medical team for an appropriate transition regimen if switching from a commercial enteral formula to Nourish Peptide. You may need to transition slowly over the course of 7-10 days to allow the body time to adapt to differences in the formulas.
- Nourish Peptide has a 12 hour ambient room temperature hang time.
- Store unopened formula at room temperature for up to 2 years.
- Once opened, the formula can be refrigerated in a sealed container and used within 48 hours.
- Water may be added. If adding water or any liquid, it must be reblended with the product to emulsify in order to prevent separation.
- The formula can be eaten orally. Many enjoy it when heated on the stove and eaten as a soup or when mixed with fruit and ice to create a smoothie.

Actual volumes of formula required are a function of weight, age, and other variables and should be determined by a Registered Dietitian or the primary care provider. Nutritional requirements for children are not solely based upon age and nutrient goals and must be calculated accordingly.

Special Notes:

*mL range is given due to the volume being affected by viscosity, altitude, and temperature. For the most accurate measurements please use the grams listed. All nutritional information contained herein is calculated using a 341g/per pouch gram weight measurement.

**The DRI percentages are based off the Institute of Medicine's Dietary Reference Intakes for children ages 4-8 years of age.

Nourish Peptide undergoes regular nutritional analysis and lab testing. However, as with any real food product, variations in the nutrient levels can vary depending on the time of year, soil, and weather conditions. Although we do our best to provide you with the most accurate nutritional information possible, if you have a medical condition that requires you to be precise with specific nutrient levels, please discuss the use of this product with your medical team.
